# KATSU! COMPLETE

And just because no final release is complete without a good rambage:

Aah, that was good, wasn't it?

[I]t is with some satisfaction that I finally end this, our first project, and wish it--at least for now--my work in fan translations.

I hope I've been able to enrich your lives somewhat with my feeble attempts to convey the wonders of Adachi, and I hope you'll continue to enjoy his brilliance in my absence.

Have fun.

Yours,

Ronny Hedio

It's been a few years since Ronny first introduced me to Katsu, and we did that first chapter. All I can say is that it's great to complete another project, and that I'm grateful to him for helping me know Adachi's work better.

Thanks to all the editors that worked on it through the years, many of whom were burnt out by the numerous chapters and long hours. My gratitude to Spiffy and Athanor, for scanning, and Doku for proofing.

If this is your first Adachi manga, rejoice, because there's a whole world out there for you to discover. If you're just as big a fan as we are, then at least you'll have his newest series to look forward to: Cross Game.

I hope you've enjoyed this series as much as we have, and remember that we're always happy to see people drop by our IRC channels at [egrandone@irc.fchighway.net](mailto:egrandone@irc.fchighway.net) and [manga\\_daisuki@irc.fchighway.net](mailto:manga_daisuki@irc.fchighway.net).

See you in the next project-ending ram.

Latin\_D

First of all I want to thanks Ronny again. Thank you dude, I really loved working with you, and I'm looking forward to the day we'll work again together. Now I'm doubly sad, Katsu is ended, Ronny is leaving but he'll come back, the roads of Adachi's fan cross each other many times after all.

I hope you enjoyed Katsu as much as we did, buy the original to support the Author. Well my dream isn't over yet, there is still many Adachi manga to scanlate, so if you want to help us (translating or editing or even chocolates funding) drop me a pm either on the Channel or on the forum.

And as I see you all next time on the edge of another wonderful manga by Adachi-sensei.

Cheers,

Athanor
